

Rebuilding Health After Any Illness

Getting Well Means Gaining Strength—A Whole-some Tonic

The getting-well stage of grip, pneumonia or other illness is the most dangerous of all because the body, weakened by the disease, is wide open to attacks of other lurking germs.

That is why all the organs of the body must be kept in their best working order, not only to drive out the poison left by the disease, but that the patient shall regain strength as soon as possible to avoid further attacks resulting from the poisons in the system.

As a means towards good health after any illness, Father John's Medicine builds up the body because it is all pure wholesome nourishment and free from opium, morphine, chloroform or other poisonous drugs or alcohol. Father John's Medicine has had sixty years' success for colds and throat troubles, coughs and sore throats, and as a tonic and body builder—Adv.

WATERBURY

Supt. W. L. Wasson of State Hospital Has Been Very Ill.

Church bells were not rung in town yesterday because of the serious and nervous condition of Dr. W. L. Wasson, superintendent of the Vermont state hospital for the insane. Dr. Wasson worked incessantly through the influenza epidemic at the hospital and did not succumb to the disease until after the worst was over. Then Dr. Wasson was stricken, and although miserably sick did not seem critical until the last of the week. Thursday he suffered greatly with neuritis but Friday seemed better again. Saturday he was much worse, his condition alarming because of his heart. Drs. Leecher and Tinkham of Burlington were with him and were frank to admit his alarming condition. The fact that he lived through Saturday night, however, was reassuring and when the Burlington doctors came yesterday they found outward conditions a bit better, and the family, associates at the hospital and community took courage; although they realized that he is still in critical condition. Dr. E. A. Stanley, assistant superintendent, who has been very ill and is just getting out, is back at the hospital about one and one-half hours each half day to look after the mail. He began getting out of doors only the first of last week and is far from strong.

The death of Mrs. John P. Adams of Montpelier brought much sorrow to many here who knew her as a girl when her people lived here.

Only a few have been successful deer hunters the past week. Ezra Goodwin of Barre brought down a 116-pound buck, Carroll Robinson shot one on his own farm, Leo Clerici and Roy Davis secured them in the Waterbury hills and Fred Groat one on Crockett hill in Duxbury. Duxbury, which many years has been a hunting park for the community, seems to have lost its prestige along that line this year.

A. J. Durkee, representative-elect of Duxbury, who has been quite ill from dynamite poisoning after working on state road, is able to be out.

Miss Katherine Towne, who has been the guest of Mrs. Paul Vincent Davis in Burlington, has gone to Albany, where she has entered Albany Business college.

The young son born to Mr. and Mrs. Ray Turner Davis has been named Ralph Preston Davis.

Miss Ermina Miller is doing well at the Fanny Allen hospital.

Two Young Men Accused of Breaking Into Stores Recently.

Several times in the past few years the store of W. E. Lamson & Son has been entered and goods to quite an amount taken. Again last fall the Half Century store was entered and money to the amount of about \$75 taken, and also some goods from the Tewksbury & Raymond store. No clue has ever been found in regard to the thieves till last week. Among the articles taken from the Lamson store was a gun or rifle belonging to Raymond Campbell, who had placed it in the store for sale. This was peculiar in many ways, and when the theft was announced the number of the same was given out. Last week a young man went into the Gay livery stable with a rifle which seemed to be similar to the one lost, and Ben. Thayer, engaged there, inquired of the one who had it where he found it. He was told that he had rented it of Frank Anderson. As soon as the opportunity arrived, Mr. Thayer telephoned the Lamson company, telling them where they could find the gun, after having ascertained of the lost one that it corresponded to the one. An officer was at once authorized to go to the camp in which Anderson and Roland Day were at the time, and the two were placed under arrest and taken here to the lockup, after a search was made at the home of Will. Bryant, whose son-in-law Anderson is. Many of the goods were found there, and the officer proceeded to the house of Samuel Day near the Center, where other goods were found, which were identified by the losers. The young men were questioned and after a little, owned that they had entered the Lamson store three times, but would not at first say that they went into the Half Century store. However, after much questioning it was learned from them that they were the parties at the Half Century store. It was understood that the boys were taken to Chelsea on Saturday to await their trial.

It is understood that Mr. Salisbury passed a very high rank in his examinations there and has been selected as one who should shortly go overseas to engage in reconstruction work.

Harry Talbot has sold his place on the Braintree road to George Flint of Braintree, who will occupy same himself. Mr. Talbot, who is engaged in the postoffice, will purchase a place in town if he finds the right one, otherwise will rent for the present.

Mrs. Will Lockwood of Springfield arrived here on Friday and is the guest of Mr. and Mrs. A. H. Beedle for a few days. Mrs. Lockwood will be remembered here as Mrs. Smith, the niece of the late A. J. Kelley, who was in the Kelley home here for several years.

Col. Israel Converse chapter, Daughters of American Revolution, held a very pleasant meeting on Saturday afternoon at the home of Abbie E. Clarke, where there were about thirty members and guests present. Previous to the regular meeting a short business session was held, when one name was proposed for membership. This was followed by the regular meeting and the program for the same was as follows: Singing of the Battle Hymn of the Republic, Mrs. H. J. Smithers singing the solo, and all joining in the chorus; solo by Mrs. Smithers, "When the War is Over." Following this the regent, Mrs. Lemuel Richmond, introduced Rev. F. S. Tolman, who gave a very pleasant address on reconstruction, and the adjustment of affairs in the future. Mr. Tolman recommended a broader charity and a strong financial support in all the movements for good, which develop in the coming year. His address was both helpful and enjoyable, and will be an inspiration for all the work of the future. Mrs. Frank Gould gave a solo, "He Wrote Only a Private," and the program closed by the company singing "America." Refresh-

ments were served by the hostesses, Mrs. S. H. McCullough and Miss Clarke, and a social hour followed, thus closing an enjoyable and successful meeting.

The boys scouts placed three new settees and a nice new book case in their rooms at their last meeting Thursday evening, and now there are no better scout rooms hereabouts than right here in Hardwick.

The third annual masquerade promenade, dance and box supper at the gymnasium Friday evening proved a record breaker for these events, and the large number of participants had one of the best times of their lives. The boxes were sold by number and lots of sport was had in picking out partners. The scout orchestra furnished the excellent music and the boys placed quite a nice little sum in their treasury as a result.

Mrs. J. O. LaJoy has been quite sick the past week.

Mrs. O. J. Paquette continues to improve slowly.

WAITSFIELD

The Victory drive last week was decidedly successful, and Waitsfield has just reason to be proud of her boys and girls. Not only has she reached her required number of enlistments, 25 girls and 25 boys, but she has 46 girls and 48 boys already in her army. Her quota of \$5 apiece has so soon become \$396.50. She was the only school in the state to exceed her quota without the aid of outside help and practically she is now a 100 per cent school. Supt. Lance of Plainfield was here Thursday and commended the school very highly on the fine building, enthusiasm and general interest in this important campaign. The rivalry between the boys and girls was in his opinion the great cause of the unbounded results.
